

Ready for an outdoor... **Adventure?**

Out-of-the-box geocaching for the whole family!

Hidden all over the US – behind bushes, inside logs, under park benches – are geocaches; containers of various sizes and shapes with a log book and trinkets that you can trade stashed inside. Your mission is to find them! Get in on the geocaching fun with a Geomate.jr, the family-friendly, anytime, anywhere geocacher. Just switch it on and be directed to your closest geocache. It's really that easy! With approximately 250,000 pre-loaded geocache locations in all 50 U.S. states, you and your family could be out enjoying your own outdoor adventure before the packaging even hits the floor!

Features

Here are just some of the features of the family-friendly out-of-the-box geocacher:

Cache Hunting - switch it on & follow the arrow and distance. It's that easy!

Cache Hints - get hints like the size, how well it's hidden, and the terrain.

Get Lost Proof - after charging off into the woods, Geomate.jr will get you home.

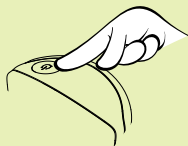

Found Log - want to review the caches you have found? No worries...

Back to Basics - and if you wanted the basic stuff like compass, latitude, longitude, and elevation, then you've got it!

To show just how easy it is to use a Geomate.jr, here is what it takes to get out on your own geocaching adventure:

STEP 1: Go outside

STEP 2: Switch it on

STEP 3: Follow the arrow & distance to your closest geocache!

Updates

If you've found all 250,000 geocaches and need more of a challenge, then don't worry, new geocaches are being added all of the time.

With an Update Kit (sold separately), you can update your Geomate.jr with the latest U.S. geocache list, get geocache lists for other countries, or even personalize your Geomate.jr through user changeable settings.
